The leading Toy and Educational factor for the systematic mental development of children, advocated by the great **FROEBEL** the founder of the "**KINDERGARTEN SYSTEM.**"

WHY

have the Anchor Blocks gained such favor with the public?

BECAUSE:

They are no mere toy, but a first class educational factor.

BECAUSE:

Every box, even the smallest, may be gradually enlarged by adding Supplement Boxes.

BECAUSE:

Each box contains a large number of beautiful building designs.

BECAUSE:

All the designs can be correctly built with the respective boxes.

BECAUSE:

They are not only a toy for children, but at the same time a pleasant pastime for grown people.

BECAUSE:

Lost or damaged stones or books of designs can be replaced at a trifling cost.

BECAUSE:

The Anchor Blocks are real stones, the tints resembling real building material, thus giving to the buildings a beautifully colored and imposing appearance.

How wonderful are **RICHTER'S** imported "**ANCHOR BLOCKS**"! Such pretty **HOUSES, CASTLES** and **CHURCHES** built of **ROCKS**!
